

Friends of the Valley Foundation

Become a Friend of the Valley Foundation and you will be a partner in education. Your business will make an impact by supporting critical educational programs in our community and increase your business footprint by making a tax deductible donation to our Foundation. Many parents have said that businesses who partner with the Foundation become some of the first ones they turn to when they need particular services.

The Valley Elementary Educational Foundation is a 501 (c)(3) tax-exempt, nonprofit organization, led entirely by Valley parents. Together, we raise funds to bridge the gap between what school districts can provide and what our students need to have the best, most well-rounded education possible. We put that money directly back into Valley classrooms through teacher written grants, school wide initiatives, and STEAM enrichment opportunities.
